

## DoD CIO Support Services BPA

### HIGHLIGHTS

>> The Department of Defense Chief Information Officer (DoD CIO) strives to achieve transformation and efficiencies in the way the Department acquires, operates, and manages Information Technology through the DOD CIO Information Management (IM), Information Technology (IT), & Information Assurance (IA) Support Services Blanket Purchase Agreement (BPA).

>> Team CALIBRE brings the right expertise, people, capabilities and tools to deliver transformation and efficiencies as well as increased mission effectiveness and combat power, and improved cybersecurity along with flexible, agile and modern IT capabilities.

The Department of Defense Chief Information Officer (DoD CIO) is tasked with improving combat power, security, and efficiency of the Department by ensuring that information is treated as a strategic asset and that innovative information capabilities are available throughout all areas of DOD supporting war fighting, business, and intelligence missions. This Blanket Purchase Agreement (BPA) supports the DOD CIO's mission, through the six Areas of Execution (AOEs), by providing support in Information Management (IM), Information Technology (IT), and Information Assurance (IA) to deliver increased mission effectiveness and combat power, improved cybersecurity, and increased efficiencies, with flexible, agile, and modern IT capabilities.

#### BPA Supports Chief Information Officer (CIO) Areas of Execution

- >> 1: Enterprise Policy and Architecture
- >> 2: Secure IT Infrastructure and Services
- >> 3: Forge Partnerships
- >> 4: Evolve the IT/Cybersecurity Workforce
- >> 5: Improve Management of DOD IT Investment
- >> 6: Strengthen Cybersecurity

#### BPA Supports CIO Related Tasks

- >> Analytical & Programmatic Support Services
- >> IT Transformation
- >> DOD Information Enterprise & the Joint Information Environment
- >> Administrative Support Services
- >> Message Processing Support
- >> Consolidate IT Infrastructure
- >> IM/IT/IA Programmatic, Capital Planning, & Oversight
- >> Analyze Legislation and Regulations
- >> Support Systems

## Experience

We highlight three projects to demonstrate Team CALIBRE experience and capability to perform BPA related tasks.

### >> DCIO Information Enterprise (IE) Information Management (IM)

CALIBRE used real-time planning and tracking tools (MS Project & CMMI) to provide effective and comprehensive program management to the DCIO IE-IM Directorate. CALIBRE also provided: support for the DOD CIO Executive Board; assistance with transformation to net centric operations; support for IM/IT/IA Workforce initiatives; assistance with the management of E-Gov initiatives; and subject matter expertise for the implementation of Section 508 requirements.

### >> DCIO Information Enterprise (IE) Strategy and Policy (IE-SP)

CALIBRE supported the DCIO IE-SP Directorate in planning, outreach, and strategic communication activities that enabled the DOD CIO to build relationships throughout DOD, with Congress, other government agencies, and the private sector.

### >> FBI Terrorist Screening Center (TSC)

Team CALIBRE member, SAVA, designed and deployed a state of the art facility and data center for the FBI TSC. The infrastructure was designed to host mission critical servers and systems with fully redundant subsystems (cooling, power, network links, storage etc.) and compartmentalized security zones controlled by biometric access controls methods. SAVA coordinated with 15 external government agencies and partners for migration of interconnects and services.

**Team CALIBRE has experience and expertise to deliver high-quality results in meeting project schedules and performance standards.**

## Team CALIBRE

A team of small and large businesses is specifically designed to provide the breadth of capabilities necessary to support all requirements of this BPA.

## Why Team CALIBRE

### >> People

Our management and staffing approach is specifically designed to support execution of BPA Task Orders (TO) by rapidly placing the right people at the right place at the right time with the right expertise and clearances.

### >> Expertise

Our team is experienced in DOD IT strategy and implementing large IT projects, and is prepared to successfully support DOD CIO in achieving the goals of its Campaign Plan and DOD IT Enterprise Strategy and Roadmap.

### >> Capabilities

CALIBRE manages many large multiple TO award contracts, using effective risk and performance management, to deliver TOs within cost and on schedule.

### >> Tools

We use proven process methodologies and tools such as Agile Development, Lean Six Sigma (LSS), and the IT Infrastructure Library (ITIL) to enhance or develop processes and procedures to field new technology for rapid responsiveness to ever-changing warfighter requirements.

## CALIBRE Solutions

CALIBRE works in multidisciplinary teams, partnering with you to deliver practical, timely, best value solutions that solve your management, technology, and program challenges and help you achieve your business objectives. This collaborative work style helps produce the results you seek today and where you want to be tomorrow.
